DEKI

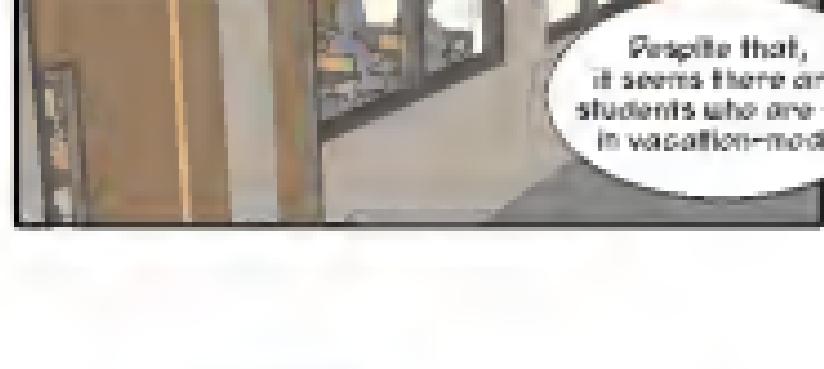

I'm heading off to school!

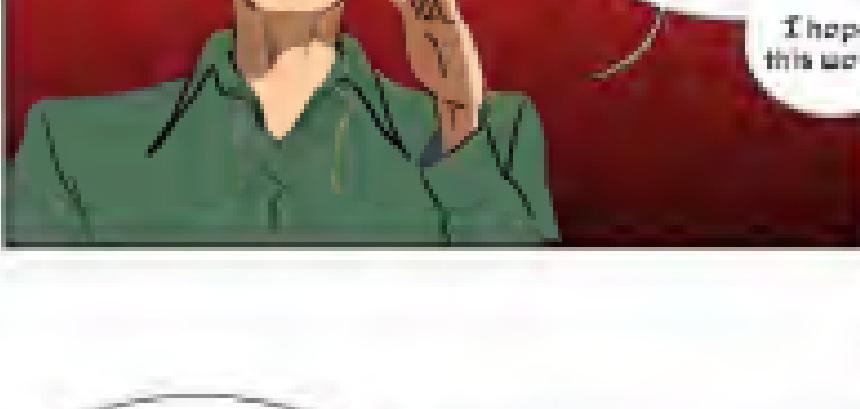

It's been a month and a half since the new school year started.

Despite that, it seems there are students who are still in vacation-mode.

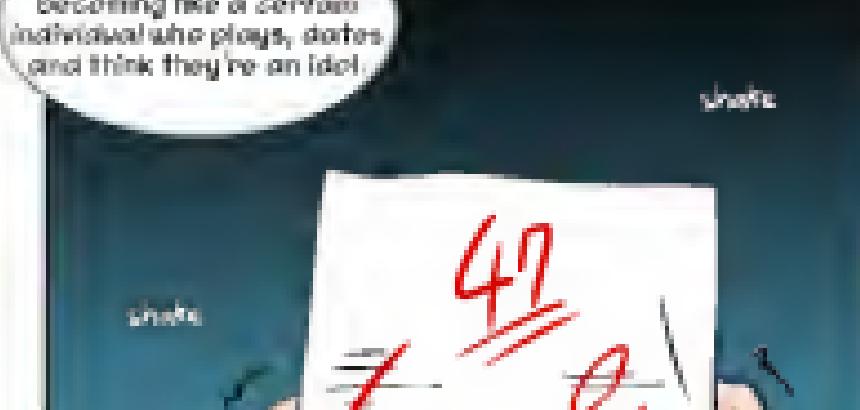

You're all in the last year of high school - one of the most important years of your life.

You cannot succeed with uncertain hearts that you may have had last year.

And so, I thought it would be a good idea to make a quiz so that your minds are prepared.

I hope this works.

To stop you from becoming like a certain individual who plays, dates and think they're an idol.

We were in our 2nd year of high school.

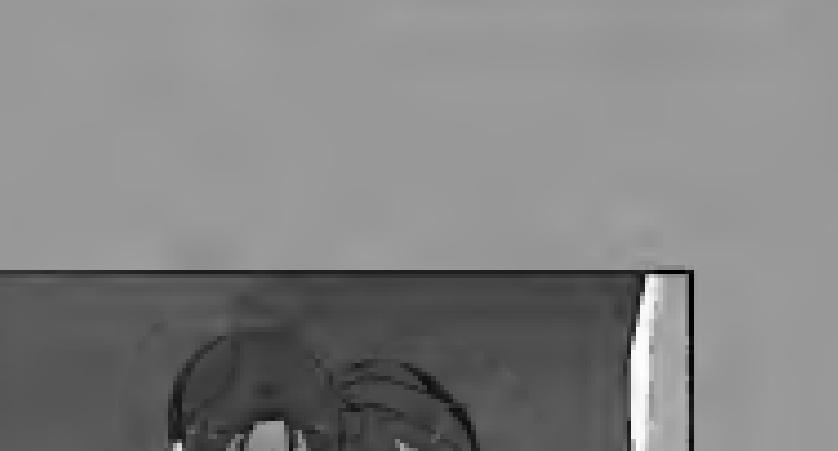

Just a little before the midterm test, when we were still new to that grade.

**Hana was killed.**

**At that time, Sung-tae**

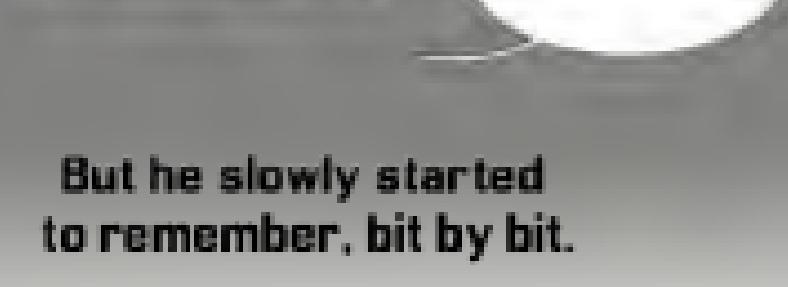

**lost all of his memories.**

**I just let him  
forget Hana like this...**

**I would...  
feel too sad for her.**

**I want to help him get his
